LEYTE LANDINGS PRECEDED BY INVASIONS OF ISLANDS GUARDING ENTRANCE TO GULF

Ground Forces, Put Ashore From Huge Convoy Under Terrific Naval and Air Bombardment, Quickly Seize Points

OCCUPATION SECURED WITH SMALL CASUALTIES

BULLETIN
New York, Oct. 20.—(P)—An American network pool broadcast recorded by NBC direct from Leyte island at noon today said that "our troops are having a tough time and are being subjected to heavy mortar and artillery fire." "But then, no one expected this to be an easy operation," the broadcaster added.

By the Associated Press
General MacArthur's Headquarters, Philippines, Oct. 20.—General Douglas MacArthur landed powerful invasion forces today in the heart of the Philippines, splitting in half Japan's defenses in that archipelago and fulfilling a vow made more than two years ago that "I shall return."

The ground forces, put ashore in Leyte Gulf from a huge convoy under a terrific naval and air bombardment, quickly seized three strong beachheads along 11 miles of Leyte island's east coast.

Going ashore with MacArthur were every able-bodied survivor of Corregidor. Sergio Osmeña, successor to the late Manuel Quezon as president of the Philippine commonwealth, also landed.

While men and supplies poured in to meet an estimated 225,000 Japanese in the Philippines under Field Marshal Juichi Terauchi, President Roosevelt messaged from Washington:

"The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

The Leyte landings put the invaders with 415 miles of Manila to the northwest and marked an advance of 600 miles north from MacArthur's base at Morotai.

Front line dispatches said the Leyte landings were preceded three days ago by landings on small islands guarding the entrance to Leyte Gulf and mine-sweeping operations of the gulf to make it safe for the passage of convoys.

MacArthur said the invaders comprised Lt. Gen. Walter Krueger's Sixth U. S. Army and units from the central Pacific. Without further identification, front line dispatches of Associated Press correspondent specified these participants: The First Cavalry Division; the Seventh Division; the 96th Division.

The American navy, in unchallenged strength, ruled the invasion scene and the seas about it. Allied air forces virtually monopolized the skies.

Participating in the preparatory blows were carrier planes of Adm. William F. Halsey's Third Fleet which since Oct. 9 destroyed more than 1,300 Japanese aircraft, sank 86 ships and damaged 127 more in forays extending from the Ryukyus within 200 miles of Japan south across Formosa into the Philippines.

The U. S. Seventh Fleet, elements of the Third Fleet and an Australian squadron made up the naval forces in the invasion.

"The strategic result of capturing the Philippines will be decisive," General MacArthur pointed out in the communique.

The Japanese landed on Luzon Dec. 9, 1941, after air raids the day before, Manila, bombed by the Japanese after it was declared an open city, was occupied along with (Turn to Page Eleven)

The Philippine invasion redeems the pledge made when American troops surrendered on Corregidor and marks another "way station on the road to Japan," he said, adding: "We promised to return, we have returned."

"Gold King" Is Happy Over News

Cincinnati, Oct. 20.—(P)—John W. Hausermann, 76-year-old "Gold King" of the Philippines, received news of General MacArthur's return to the islands with these words:

"Boy, that's dandy! That's swell! Now I can get back there in a short while."

Hausermann, whose gold holdings in these islands have been valued at \$50,000,000 or more, said he long since had engaged a "special engineer" to prepare plans for machinery and other equipment needed to reopen his mining activity. Around 400 Americans on his payroll who were interned by the Japanese will be sent back to the states for a year's vacation," he declared, adding: "I'll hire another staff to work during that time."

Hausermann himself was in the United States on business at the time the Philippines fell. \$2,000,000 in gold bullion from his mines was brought out of the islands on an American submarine.

Ruined Aachen Falls to Americans

"I SHALL RETURN"

THE MAN WHO CAME BACK—After leaving doomed Corregidor in 1942, against his will, but in obedience to orders, Gen. Douglas MacArthur declared, upon safe arrival in Australia: "I came through, and I shall return." He has now kept that promise.

Western Pennsylvania Is In The Political Spotlight Today

By the Associated Press
Western Pennsylvania occupied the political spotlight in the state today, with Governor Thomas E. Dewey of New York speaking at Pittsburgh tonight and congressional and state candidates of both parties bidding for the labor and farm vote.

The Republican presidential candidate, making his second campaign speech in Pennsylvania, will discuss "what happens to free labor under what labor in America has a right to look forward to under a new administration."

Following a downtown parade and afternoon press conferences, Dewey will go to Hunt Armory, where Republican leaders estimated more than 10,000 will hear him in a radio broadcast at 9 p. m.

An old-fashioned torch light procession was arranged to come, by automobile, from several communities near Pittsburgh including South Fayette and Collier townships, Bridgeville and Carnegie.

Also addressing the rally will be Warren Atherton, Past National Commander of the American Legion and director of veterans' activities for the Republican national committee.

Pittsburgh, Oct. 20.—(P)—Governor Thomas E. Dewey arrived in Pittsburgh at noon today for a major campaign speech tonight in which he will discuss labor under the new deal and what organized unions may expect from the Dewey administration.

An automobile cavalcade was to wind through downtown Pittsburgh streets to a hotel where the Republican nominee planned a series of conferences before his address tonight.

Elsewhere in the state, Francis J. Myers, Democratic candidate for the U. S. senate, and Judges Chester H. Rhoades, Democratic nominee for re-election to the state superior court, made speeches last night furthering their candidacies.

Myers told a New Castle audience that "Republican isolationists in congress and particularly in the senate, will try to scuttle the peace" regardless of whether President Roosevelt or Dewey is elected in November.

Myers named his Republican opponent, Sen. James J. Davis, among a group he said would be "the dominant leaders" of the senate should Republicans win.

At Lewisburg, Rhoades said, "more than ever today it is necessary to recognize schools of thought and schools of action in our judicial interpretations."

Judge Charles Alvin Jones, U. S. circuit court jurist and Democratic nominee for the state supreme court, said in a statement (Turn to Page Eleven)

NEW ATTACK IS LAUNCHED BY CANADIANS

Infantry and Armor Strikes Out Through Mud and Marshland to Bolster Salient at Antwerp

YANKS STABBING AHEAD

By the Associated Press

London, Oct. 20.—Ruined Aachen, a sprawling city of death and destruction, fell today to Lt. Gen. Courtney H. Hodges' U. S. First Army on the seventh day of its siege. Tonight the victorious Yanks started mopping up the last remnants of the Nazi Garrison, trapped on the outskirts.

The capture of the first major German city, a gateway to the Ruhr, was completed at 3:30 p. m. (10:30 a. m. Eastern War Time) official announcements from the field said.

The city is 340 miles from Berlin and 40 miles from Cologne on the Rhine. It had a peace time population of 165,000.

The Doughboys had been attacking since Sept. 15, and for a week they had engaged in street fighting with bazookas, bayonets and self-propelled guns.

Aachen was left a mass of wreckage by fanatical German resistance.

By ALEX H. SINGLETON

London, Oct. 20.—(P)—Canadian infantry and armor struck out in a new offensive through the mud and marshland north of Antwerp today to bolster the Allied powerhouses salient being built up in Holland against Adolf Hitler's northern defenses.

At the same time French infantry fighting along the ridges of the Vosges at the southern end of the Allied line outflanked the village of Ventron on the entrance to the 15-mile-long Bussang Pass which opens on the Rhine floor only seven miles from Mulhouse.

The Americans of the Seventh Army on the latter front also captured Bruyeres, 13 miles east of Epinal, in a further stab at two more passes leading through the Vosges to the Rhine flatlands around Colmar and Strasbourg.

The British Second Army, intent to clear out the Germans west of the Maas (Meuse) along the Reich border fronting the Holland salient made slow progress, almost bogged down by mud, and stiff German resistance.

The Canadian attack, sprung at 7:30 a. m., was launched from an area about eight miles north of Antwerp along the railroad and highway leading north to Rosendael and Rotterdam.

Canadian forces were reported stepping up their attacks today on pocketed Germans blocking Allied use of Antwerp's docks, but Berlin speculated that Gen. Dwight D. Eisenhower might not wait for opening of this supply port to begin a heavy new drive into the Reich.

A late dispatch said the Canadians had penetrated Breskens, across the Scheldt estuary from flooded Walcheren island in Holland. Another column was said to have splashed three miles through the marshes to within a mile of Oostburg, squarely in the center of the dwindling German pocket.

Some German radio commentators for days have been asserting the Allied command could not begin an attempt to break through into the heart of Germany until clearing of the Scheldt sector opened up Antwerp to funnel in supplies. But last night they began reversing their field.

One even saw the possibility of another seaborne landing in the Rotterdam area of Holland north of the Scheldt estuary.

TRAINING IN STREET FIGHTING FOR ALLIES

London, Oct. 20.—(P)—Allied troops are going to be trained in street fighting apparently at preparation for battling Hitler's new guerrilla army.

The training program will be carried out in the Battersea district of southwest London. A congested district of workers' houses and factories.

The whole area has been badly blitzed and looks like a German city or town might look after an Allied shelling and bombing.

First Report Meeting In the United War Fund Drive is Disappointing to Workers

"Stand up and cheer!" That's what we were prepared to do at last night's first report meeting of the United War Fund. And what DID we do?

Well, we stood up. But we DIDN'T cheer!

There was, indeed, a very good reason why we didn't. Warren County's goal for the campaign is \$88,700, identical with 1944. Last year's first report showed a total of \$22,892.38, about 25% of the quota.

Though the drive eventually went over the top, it was felt that this first report was dangerously small. This year, therefore, War Fund leaders asked division chairmen, captains and workers to make a special effort to turn in a knockout first report. "Let's get the ball to the 50-yard line by Thursday" was the plea, meaning a total achievement of about \$44,000.

What was the result? What was the response of Chairmen and Captains, of workers in the vineyard? What was the response of those men who are confidently dubbed the "prospects," to this greatest-of-the-year all-American effort?

Well, here it is. And maybe you'll understand why we did stand up but we didn't do anything else. Total First Report, \$16,582.87!

18.7% of the goal. Less than one-fifth of the total, with about one-third of the time gone, as compared with an Asking-Total of \$44,000. As compared with last year's First Report of 25%.

As compared with the otherwise poorest showing we have heard of to date this year, namely, neighboring Bradford's with a little more than 20%.

See War Fund drive thermometer on page nine.

Two Divisions stood out with startling distinction in the welter of disappointing reports. They were patriotic Mrs. Dawson's C Division which reported \$3,167.50 against a quota of \$6,500; and energetic Mr. Rossman's E Division with \$1,216 against a quota of \$2,500. Both these reports show nearly 50% of the total goal already "in the bag" and leave no doubt of the final outcome in these Divisions.

Other Division reports were 100% disappointing. Big Division A under C. T. Conner and Chester Allen showed only \$9,308.02 with a quota of \$15,500. (Last year's First Report \$11,531.80 against quota of \$43,500.)

Division B, with Chairman E. H. Ley, showed only \$1,514 against \$7,500. (Not far different from 1943's First Report of \$1,695 against \$10,000.)

Division F had no report (Chairman Walter Kissel).

Division G covering all Warren County outside Warren Borough, (Turn to Page Eleven)

Truman Special Enters Montana

With Truman En Route to Butte, Mont., Oct. 20.—(P)—Senator Harry S. Truman, Democratic vice presidential candidate, renewed his attack on Gov. Thomas E. Dewey's foreign policy views today as his special campaign car headed for Butte, Mont., where he speaks over the radio tonight.

He departed from his prepared address at Seattle's civic auditorium last night to assert that he did not believe the Republican special campaign car headed for Butte, Mont., "to read the isolationists out of his party."

President Roosevelt's fourth term running made moved into Montana on his 7,500-mile transcontinental campaign tour today after placing the administration on record as favoring private industry's use of the nation's \$20,000,000,000 war plant investment to stimulate post-war production and employment.

Southeast Asia Command Headquarters, Kandy, Ceylon, Oct. 20.—(P)—British pressure exerted southward from captured Tiddim in northwestern Burma has forced the Japanese to evacuate the town of Falam.

The withdrawal was described today as important in what it weakened Japanese political influence over some 40,000 natives of the Chin Hills. The town, 30 miles south of Tiddim, geographically is the natural seat of administration for the central Chin hills.

The hillmen have been operating in advance units of the 14th Army throughout the present campaign beginning in India at Imphal. More than 1,000 Japanese casualties have been inflicted by them.

Hurricane Moves North On Coast

Tampa, Fla., Oct. 20.—(P)—The Public relations office of the Third Air Force headquarters here said today that eleven soldiers from the New Orleans port of embarkation apparently drowned yesterday near Bradenton at the height of the tropical hurricane which passed there.

Charleson, S. C., Oct. 20.—(P)—A tropical hurricane which killed at least 26 persons and caused untold property damage in Florida and Cuba, apparently was diminishing in force early today as it moved northward along the Atlantic coast.

The Washington weather bureau, in a 3 a. m. advisory predicted flood tides by noon today at places in the Carolinas, but said they would subside rapidly as the center of the disturbance passed.

REDS CAPTURE VITAL TOWN INSIDE REICH

Russian Offensive Reported Smashing Enemy Resistance on Battle Line Forged Across Europe

MOVE PAST BELGRADE

BULLETIN

London, Oct. 20.—(P)—Debrecen, third largest city of Hungary, has fallen to the Red army storming the Hungarian plain toward Budapest, 116 miles to the west. Marshal Stalin announced tonight in an order of the day.

By DANIEL DE LUCE

Moscow, Oct. 20.—(P)—Multiple Russian offensive were reported smashing Nazi resistance today along a battle line forged across virtually all of Europe from southern Yugoslavia to the Baltic, where the Germans have announced the loss of the East Prussian town of Eydtkau to a tremendous Red army invading pre-war Germany.

The Soviet war communiqué neither confirmed nor denied the German admission of the capture of the little fortress town inside the Reich; but it described further Red army successes in Poland, Lithuania, Czechoslovakia, Hungary and Yugoslavia, where the complete liberation of Belgrade appeared imminent.

The Berlin radio announced today that German troops have evacuated Debrecen in the great battle on the approaches to Budapest in Hungary.

The German military commentator, Col. Ernst von Hammer, said: "Debrecen was evacuated after violent house to house battles. The enormous scale of this battle is indicated by the high number of 418 Russian tanks destroyed within 12 days."

Debrecen, a rail center of about 120,000 population, is located 116 miles east of Budapest.

Russians reported taking 11,000 prisoners during the last six days in the Debrecen area.

Russian and Yugoslav Partisan shock brigades moved through Belgrade, exterminating remaining suicide squads of German machine-gunners.

Southeast of Belgrade Russian troops waged other successful engagements in the annihilation of pocketed Germans and in a single day, Oct. 18, took 5,900 prisoners, the communiqué said.

Job Formula Is Offered by Bricker

Reno, Nev., Oct. 20.—(P)—Gov. John W. Bricker today offered this three-point formula for guaranteeing jobs in peacetime:

1. Provide stability in government.

2. Maintain "our system of private enterprise."

3. "Repudiate those alien forces which, if given a chance, would make our workers economic slaves, the servants of the state."

The Republican nominee for vice president in a prepared speech raised in advance by his campaign staff asserted that the New Deal "can not return the American government to its fundamental traditions of freedom for the individual under the constitution."

"It is too tired and too confused within itself," he declared.

The Ohio governor, rolling into Nevada aboard his special train after a six-day campaign for California's 25 electoral votes, placed heavy emphasis on freedom of enterprise.

close to the 257,500,000,000 made in 1943 and will compare with 243,500,000,000 in 1942.

Besides this, total overseas shipments of tax-free cigarettes to the armed forces will be about 63,000,000 in 1944, against 32,000,000 in 1943 and approximately 6,000,000,000 in 1942.

Although there will be almost as many cigarettes produced for domestic use this year, so-called popular brands will be scarcer because soldiers and sailors overseas have first call.

Most sources expect the shortage to continue for at least two or three months. Government officials have said the scarcity should not grow any worse.

British Pressure Exerted in Burma

Southeast Asia Command Headquarters, Kandy, Ceylon, Oct. 20.—(P)—British pressure exerted southward from captured Tiddim in northwestern Burma has forced the Japanese to evacuate the town of Falam.

The withdrawal was described today as important in what it weakened Japanese political influence over some 40,000 natives of the Chin Hills. The town, 30 miles south of Tiddim, geographically is the natural seat of administration for the central Chin hills.

The hillmen have been operating in advance units of the 14th Army throughout the present campaign beginning in India at Imphal. More than 1,000 Japanese casualties have been inflicted by them.

Trade Sources Cite Reason For Shortage of Cigarettes

New York, Oct. 20.—(P)—There probably will be almost as many cigarettes made for domestic consumption this year as in 1943.

"What about the cigarette shortage?" you ask. The cigarette industry simply answers: "Americans are smoking at the fastest rate in history—that's why there's a shortage."

The National Association of Tobacco Distributors, Inc. and other trade sources today gave this picture of estimated output for domestic consumption:

Production could range as high as 262,000,000,000 cigarettes in 1944 but will be pared several billions by manpower shortages and other factors. The final figure will

He lay down between the rails and allowed the train to pass over his body. He was brought to Warren General Hospital in the Peterson ambulance and was found to have only minor injuries.

Commander Richard Elliott Is Honored With Bronze Star

From London headquarters comes announcement that Commander Richard Elliott, USN, of Warren, has been awarded the Bronze Star Medal by Admiral Harold R. Stark, commander of U. S. naval forces in Europe, for his work in preparing hundreds of landing craft and crews for the assault on German-occupied Europe.

As communications officer on the staff of Rear Admiral John Wilkes, commander, landing craft and bases, amphibious force, Cmdr. Elliott supervised installation and maintenance of communication equipment and the training of communication personnel of this force, which, according to the citation, "ultimately reach a total of approximately 2450 landing ships and craft. During long painstaking hours, he worked with

little thought of self. "His efficient performance of this duty contributed in a large measure to the successful communications which were experienced during the invasion of the continent of Europe on June 6, 1944." Commander Elliott was born in Warren on August 3, 1903, and was graduated from the U. S. Naval Academy in 1925. His first sea duty was aboard the battleships USS Arizona and USS West Virginia, and later aboard the cruiser USS Richmond. Other sea service included command of the destroyer USS Perry and navigator of the USS Detroit a cruiser. He is a veteran of both Pearl Harbor and the Aleutian campaign.

His wife, Jean G. Elliott, and their two children, Jean and Richard, Jr., live at 7 Cottage Place.

According to a special report received from an Eighth Air Force bomber station in England, S/Sgt. Richard L. Gray, 21, of Warren, ball turret gunner and combat photographer on a B-17, has won his second Oak Leaf Cluster to the Air Medal given him some time ago.

The citation accompanying the award credits him with "meritorious achievement . . . coolness, courage and skill" during Eighth Air Force bombing attacks on targets in Germany and Nazi-occupied Germany.

Sgt. Gray is the son of Mr. and Mrs. Paul B. Gray, 4 Biddle street. Before entering the Army Air Forces, the combat flyer was employed as an oil tester at the United Refining Company. He is a graduate of Warren High School.

A member of the Third Bombardment Division, cited by the President for its now historic England-Africa shuttle-bombing of Messerschmitt plants at Regensburg, Germany, Sgt. Gray has participated in aerial assaults on Nazi airfields, "buzz bomb" launching platforms and munitions manufacturing plants, and has taken part in bombing attacks in support of the Allied drive toward Berlin.

TOO LITTLE . . . TOO LATE?

Out on the blazing beaches of the Philippines American might is this morning redeeming in blood and fury its criminal unpreparedness in 1941; its flabby-minded policy of Too Little, and Too Late.

Last night in the auditorium of the Warren Y. W. C. A. we wondered if Warren County might not be adopting that same policy a little late in the game, as we listened to the United War Fund's Report of a total of only \$16,582.87 against the goal of \$88,700.

Warren County's early war efforts—its Bond Drives, its salvage work, its Civilian Defense organization—were 100% successful. Its Civilian Defense setup was used as a model throughout Pennsylvania. Its salvage chairman was described as a "man of General MacArthur's type." Its Bond drives never fell below their goals. This has been true, indeed, right up to the present.

If we fall down in this 1944 campaign, we shall have scratched against the name of Warren County the first black mark in three long years of war. We shall be going back in time, curiously reversing our own trend, growing backwards and downwards instead of forward and upwards. We shall be like Benjamin Button, that curious Scott Fitzgerald hero who was born seventy years old and grew younger and younger as his life went on, until he died as a mere baby.

We shall be going back to the pre-war policy of Too Little—Too Late.

Now, we do not believe Warren County is going to turn back on reality—thumb its nose at its own fine past efforts—in this wretched fashion. We WILL not believe it until the final figures are in. But it COULD happen here. It WILL happen here unless somebody gets a move on.

Too little—too late. Don't you think it's a LITTLE too LATE to flirt with that philosophy now, Warren Countians?

MACARTHUR GOES BACK

General MacArthur returns to the Philippines with his usual flair for both confounding the enemy and staging a good show.

Striking with what Churchill calls "triphobious" force sufficient to give the Japanese a preview of what to expect against additional islands—his homeland, for instance—old "I will return" has by-passed strong enemy bases on southern Mindanao to obtain immediate objectives at minimum cost.

Even this force, however, is only a part of that available. The next few days should provide a clearer view of what impends. It seems likely, however, that the Leyte action is designed primarily to obtain airfields from which to dominate the entire archipelago. One field, near Tacloban, is almost in sight, and flatlands in the area offer plenty of room for more.

That every able-bodied veteran of Bataan and Corregidor has been summoned to participate in MacArthur's revenge is a typical bit of Olympian justice. These men carry a mental picture of their comrades trudging northward after the bloody Bataan defeat, staggering beneath the blows of Japanese sabers, gripped by hunger, dying of untended wounds and disease, choking as their sadistic captors drained canteens which they were not allowed to touch. It will not be nice for the Japanese who oppose these men on the road back.

UNFORESEEN COMPLICATIONS

The death of Wendell Willkie lends poignant emphasis at this time to a hazard forever attending national elections and the Presidential succession.

Suppose that Mr. Willkie had been elected President in 1940. The Vice President would have been Senator McNary of Oregon, who was nominated with him. Senator McNary died a year or so ago. The man now President of the United States would have been therefore whoever Mr. Willkie had chosen as secretary of state, and the country would have had as its ad interim chief executive a man who had not passed the test of the ballot.

Furthermore, if Mr. Willkie had been President, he would have been, according to custom, a candidate for reelection this year, and his death in the midst of a campaign might have confronted the electorate of his party with the choice of a man who might not have been considered of Presidential stature.

Not only the campaign but the government itself would have been thrown into some confusion—a condition which, as the nation is reminded by Mr. Willkie's death, may occur at any time. Mr. Willkie appeared to be a robust man, younger by ten years than the President, yet he received the inevitable summons a month before the election in which he would again have been a candidate for the highest office in the land if his ambition had not been thwarted.

County Schools to Compete In Paper Collection Contest

Schools of Warren county are expected to compete for silver loving cups that are to be presented by the Advisory Committee on Salvage of the State Council of Defense, it was announced today by county Salvage Chairman W. T. C. Bett.

One cup is offered to the school in Pennsylvania that collects the greatest number of pounds of waste paper in the month of October.

A second cup is offered to the school in the state that collects the greatest number of pounds per enrolled pupil. This figure is determined by dividing the number of pounds of paper collected by the total number of pupils enrolled in the school.

Reports of school collections must be made to the chairman of the Salvage Committee of the County Council of Defense in each county, and should be made promptly by school superintendents.

Fine Speeches For Meeting At Youngsville

Youngsville, Ot. 20—There was a fine attendance and a number of inspiring messages for the fall conference of the Jamestown District held in the Methodist church here on Thursday.

The conference opened at 10 a. m. with Rev. Dwight Jack leading the devotions. After introductions, Dr. T. E. Colley, former pastor in Warren now located at First Church, Erie, gave a fine address with particular stress on the minister's part in the Crusade for Christ. This is a fourfold plan of the Methodist church with the thought of strengthening the spiritual life through evangelism, of meeting the need of youth in the church school, of rehabilitation of the Christian work and helping the needs of stricken people over the world and stressing stewardship for the Christian; with world relief and reconstruction the first aim of today by raising in the American Methodist church in 14 months, 25 million dollars.

All of these aims were brought out in the talks of the day, which included addresses by leaders in the conference and district. "As your Bishop Sees the Crusade for Christ" was the subject of Bishop James H. Straughn's morning address.

A hundred and fifty persons enjoyed the noon luncheon and about the same number were present at the evening banquet.

Afternoon speakers included Mrs. J. A. Galbraith, W. S. C. S. district vice president, Mrs. Bruce Wright, Erie Conference president who outlined women's work in the crusade for Christ; Rev. Ralph E. Tidmarsh who spoke on the church school in the crusade; Dr. L. D. Smith, pastor of First Church, Jamestown, N. Y., who spoke of stewardship, and Dr. H. H. Barr, on evangelism.

District Superintendent J. A. Galbraith organized the Jamestown District into a crusade unit. "World Relief and Reconstruction" was the topic of J. A. Daiser address. The closing talk of the afternoon was by Dr. E. Roy Myers, formerly of First Church, Jamestown, now superintendent of the Meadville District.

Following the banquet, the program planned to be held at the tables was moved, because of the large attendance, to the church auditorium. Here, District Lay Leader of the Jamestown District Alan Templeton presided, and spoke briefly. F. O. Schomover, of Sugar Grove, sub-District leader gave opening prayer. The Youngsville choir with the addition of several ministers of the district sang an anthem and a ministerial male quartette sang a number. It was expected Edgar Welch, conference lay leader, would speak but Bishop Straughn gave a wonderful address with the thought of courage in high aims as the essentials of the great Methodist crusade for Christ.

Hallowe'en Circus Tent At N. Warren

The giant circus tent which will be used as an annex to the North Warren Community Building for next week's Hallowe'en Carnival has been erected and it's reliably reported that the spooks and hobgoblins are busy each night making their final preparations for the big event.

The doors will be opened to the public Wednesday evening, October 25, and there'll be one continual round of pleasure for all comers between then and Saturday, October 28. Thrills and games galore, prizes, special entertainment—and above all plenty of good clean fun for everyone, young and old, 2 to 102.

Saturday afternoon, October 28, will feature the annual kid's costume parade, eagerly looked forward to each year by the younger set. And the four-day festivities will come to a grand climax that evening when \$1,000 in War Savings Bonds will be awarded.

Local Soldier With Vital Unit Abroad

News of another Warren county soldier is contained in the following special dispatch from an Eighth Air Force Liberator station somewhere in England.

Cpl. Carl R. Thomas, Warren RD 3, is a member of an aviation ordnance company which plays a vital role in the Eighth Air Force's tremendous task of delivering tons of bombs on Nazi defensible targets both in Germany in enemy occupied territory.

His unit is attached to a B-24 Liberator group in East Anglia, commanded by Col. Lawrence M. Thomas, of Cooper, Texas. Primary duty of his section is to repair, maintain, replace and inspect all weapons which are used at that station, including high powered Remington carbines, .45 calibre pistols and .45 and .50 calibre machineguns. Once a month, an over-all inspection is given the .50 calibre guns mounted on all the B-24's.

Immediately upon announcement of weapon modifications it is the duty of the armament personnel to put these changes into effect, as indicated by the army ordnance headquarters at Aberdeen Proving Grounds, Md.

Prior to his entry into the armed forces, Cpl. Thomas was a farmer. His nearest relative is a brother, Guy, who lives in Warren. Cpl. Thomas was inducted September 1, 1942, and has been serving overseas since December 17, 1943.

Abbas was full of fleas, flies, dogs and arabs, and there weren't any souvenirs to buy, and all you could do was walk around until you got sunstroke, or sit in a cafe and drink beer that was 99 per cent water.

"Then we went to Sicily. The British on our left flank and the Americans on our right headed for Messina—a read city—but we only got as far as Randazzo. It looked like Bizerte with an Italian accent. Nothing was left in one piece.

"When we finished in Sicily, the British boys got to go to Catania, and some of the American units to Palermo. We drew Cefalu—a village with one cathedral, no bars, no picture shows, no nothing. Did you ever look at a cathedral for ten straight weeks?

"In England it was the same old story. We thought they'd drop us in the center of London as reward, but we got stationed at a former British army camp in southern England, a half-hour's drive from the nearest village and 30 minutes by foot from the nearest bar. Life there consisted of sitting in wooden barracks and listening to the rain.

"We came to France and we thought sure we'd get a pocketful of Paris. But they started us in the opposite direction, toward Cherbourg. Just as we reached the western side of the town, they turned us around and told us to go out and clean up the rest of the peninsula.

"When they sent us through the St. Lo-Perriers line, there wasn't a town in sight—we were in the middle again. We started for Paris, and it finally looked like we were going to get into town—and what a town!—but the day Allied troops entered Gay Paree we were in the town of Christy 30 kilometers south, with a population of not more than 100 persons on market day.

Many Towns Planning Living Memorials For War Veterans

By JAMES MARLO
Washington, Oct. 19—(P)—American towns and cities are planning now for memorials to World War II veterans, living and dead.

Hundreds are thinking of memorials with a double purpose: to honor the veterans and give useful service to the generations coming after them.

These memorials which can be used by the living are called living memorials.

Americans have seen memorials to veterans of other wars: men on horseback, heaped cannon balls, moldy cannon on a courthouse lawn.

After the last war living memorials began to spring up across the country. Here are some which the federal security agency (FSA) says are being considered now:

Auditoriums, convention halls, schools for special purposes, hospitals, research institutions, band

shells, open air theatres, school forests, community forests, camping areas, picnic grounds, recreation parks, beaches, swimming pools, camping areas, golf courses, baseball and football parks, playgrounds.

There seems to have been a great surge of interest in memorials recently, now that the German phase of the war is heading toward a close.

In the past three months FSA says it has received more than 1,000 inquiries about youth centers alone. They are intended as World War II memorials but will serve the young people of today and tomorrow.

The FSA can give advice on a recreation center because it has had a lot of wartime experience in that field.

Its plans are outlines. They have nothing to do with the architectural work which would have to be done on the memorials.

Fighting Ninth Would Like to Relax in a Lively Town

By HAL BOYLE

With American Troops in Germany, Oct. 4—(Delayed)—(P)—The boys of the famous fighting Ninth Infantry Division are peevish because they have fought in six countries and on two continents without hitting a town large enough for them to relax in and raise a little whoopee.

"We have never been in a town of any size in French Morocco, Tunisia, Sicily, England, France, Belgium or Germany," said Capt. Lindsey Nelson of Columbia, Tenn., who remarks a little sourly that the boys plan to call the history of their outfit "through back alleys of Europe with the Ninth Division."

Boistering his case, Nelson said when his "country division" finally

got to Verviers, a medium-sized Belgian town, three liaison officers got lost because they had forgotten how to get around in a city, and nobody slept much because they weren't used to bright lights.

One street light was burning! "We always just miss the big towns or go far between them," he said woefully. "The only one we got to that was fairly large in Africa was Bizerte—and there were only three buildings and one civilian left standing in it. It was a complete wreck."

"Other divisions after the end of the African campaign went back to bivouacs near Oran or Algiers, but they sent up to Magenta, 50 kilometers due south of Sidi Bel Abbas in the direction of the Sahara desert. Sidi Bel

Services for Albert T. Jones, of Good Will Hill, were conducted at two o'clock yesterday afternoon at the Tracy home for funerals in Titusville. Rev. Perry J. Cook of the Church of Christ officiated and interment was in the Jerusalem Corners cemetery. The following were pall-bearers: Merle Putnam, Orley Emerson, Merton Brown, Ben Walters, John Billig and Byron Messner.

Dr. Sonne said last night the inquest would be held on Friday, Nov. 3, at 7:30 o'clock. The rather long lapse of time after death resulted from the fact that District Attorney Kenneth W. Rice will be absent from the county, and he desires to be present at the inquest.

A SOLDIER'S PRAYER

[A touching poem found on body of an American soldier killed in action.]
Look, God, I have never spoke
You,
But now I want to say, How
You do,
You see, God, they told me
didn't exist.
And like a fool, I believed all
Last night from a shell hole I
Your sky,
I figured right then they had
me a lie.
Had I taken time to see th
You made,
I'd have known they we
calling a spade a spade.
I wonder, God, if You'd shake
hand,
Somehow, I feel that You
understand.
Funny I had to come to this h
place
Before I had time to see Your
Well, I guess there isn't n
more to say,
But I'm sure glad, God, I met
today.
I guess the "Zero hour" will
be here.
But I'm not afraid since I k
You're near.
The signal! Well, God, I'll
to go,
I like You lots, this I want Yo
know.
Look now, this will be a hor
fight.
Who knows, I may come to
house tonight.
Though I wasn't friendly to
before,
I wonder, God, if You'd wai
Your door.
Look, I'm crying! Me! Shed
tears!
I wish I had known You t
many years.
Well, I have to go now, God, g
bye!
Strange, since I met You, I'm
afraid to die.

Don't Let "Kidney Fatigue" Get You Down

There is no use letting inactive kidneys make you miserable. Thompson's Bor-soma Tablets being a stimulant diuretic to the kidneys are a great aid in helping the kidneys flush out poisonous waste matter and excess acid from the blood. This poisonous waste is often the cause of miserable aches and pains and making you get up nights. Thompson's Bor-soma Tablets are also excellent for your liver and stomach. 50c at all drug stores. If constipated also, take Golden Lax Tablets, 25c.

Local Grid Eleven Invades Bradford for Ninth Encounter

Passing Attack Is Expected as Dragons Visit Bradford Owls Tonight at Parkway Stadium

Tonight's the night. Yessir, tonight we're off to see the Dragons in their ninth encounter of the 1944 season against an evenly matched Bradford Owls' eleven. The locals, with a total of five wins in eight starts, will have to be on their toes in order to add another victory to the string. Past records indicate that the going will be tough when the two squads line up at 7:30 p. m. at Parkway field in the city.

Coach Leid, has not as yet announced the starting lineup, but the probable starters will be the usual aggressive eleven, with Joe Allen going in at right end. The remainder of the line will see the tackle posts, the two "little but efficient guards," Jay White and Bob Gerardi, and Captain Mac Strini at center. "Scoops" Lucia will be in calling signals. Powerhouse Red Lee and Hotch Wilder at the halfback spots, and Dave Marti at the tailback position. The locals will depend heavily on the offensive running of North Warren's Lee. Lee, the outstanding ball-carrier on the Dragon eleven, will be the spark tonight. Pairing with Lee in the brilliant playing division will be

Bob Scallise, stellar aerial receiver. The Dragons will probably open up a potent aerial offensive against the Owls. George Lucia will be in charge of the pass department in an effort to connect with an air victory. In case the weather prevents a passing victory, the locals can be depended on to set up a powerful ground offensive, as shown in former contests.

Bob Pfing's proteges are evenly matched with the Leidmen in the tilt. With eight returning lettermen, the Owls are expected to establish a powerful offensive to prevent the Dragon combine from scoring sufficiently to defeat the local high schoolers.

Game time at 7:30 p. m., Parkway field, Bradford.

BEHIND THE LINES

Why Not?

Comes the age-old (and we do mean age-old) question of, "Why doesn't this town have a football stadium, and if not a stadium, lights at Russell Field?" This query has been a question in and about Warren for a number of years. Bradford, Jamestown, Oil City, Meadville, and numerous other surrounding communities comparative to the size of this town have the "so called privilege" of having a well-equipped stadium, including lights.

Why don't we have these accommodations here? Is it the fault of the townspeople, the school board, or the high school athletic authorities? Certainly the local folk would back such a project were it proposed. Comes the matter of finance. What it would cost to build such a project would undoubtedly be paid for in a period of years. Experience which many other schools have had shows that the cost of their stadium, lights, or what have you, has been paid for and exceeded in a few years.

For years, this thought has been discussed but nothing has been done about the matter. Certainly there are enough interested sports-

men in this sports minded community who would back the project. Since little has been done to the betterment of such a project, why don't the people get something done about it?

Here and There

Notice to all hunters: Don't become lax in your obedience of the hunter's Ten Commandments of Safety. Many a local cager has been "getting in shape" for the basketball season which opens December 1. Tryouts will progress on November 13, just 24 days away. Warren High's seconds meet the Jamestown J-V's at the Empire State city on Monday. Erie East's football eleven left last night for Louisville, Ky. where they will tangle with Male High School tonight. The 26 players, along with the coaches will start their return trip tomorrow morning. Coach Joe Barressi, new cage coach at St. Edwards' High in Corry, sent his years squad through their first workouts this season last Sunday. Al Grygo, former Erie Academy backfield star now playing with the Chicago Bears, is the leading ground gainer per average attempt at carrying the pigskin in the National Football League.

The Eagles have a slight advantage over the Wolverines, having defeated Kane 7-6 to the Sheffield loss to the Kane group.

BISONS LOST OPENER TO INDIANAPOLIS

Buffalo was off on the wrong foot today in its battle to retain the American Hockey League Calder Cup title it won last spring after a 2-1 opening night setback at the hands of Indianapolis.

The Capitals owed their success to Bill Jennings and Byron "Butch" McDonald, a pair of returning veterans who saw previous service with Indianapolis years ago.

George Fargeter saved Eddie Shore's Bisons from a shutout by beating Goalie Harry Lumley in the second period but the champs booted a chance to tie in the same frame when the Caps lost Johnny Sorrell and Moose Snerritt on penalties.

The Caps moved into a three-way tie with Cleveland and Pittsburgh for first place in the circuit, each with two points although the Barons and Hornets each have lost once.

Next league action Saturday night will find Indianapolis at Cleveland, Providence at Hershey and Buffalo at Pittsburgh.

McClure's vs. Davis; Tuesday—Trevenens vs. MacDonald's; Wednesday—Plummer's vs. Reed's; Friday—Drake's vs. Pettibones.

MOOSE LEAGUE

In the Moose League last night South Side Market copped all four points from Soda Mineral. For South Side Market C. Christensen rolled a high game of 199 and Stew Kuhn too, a three game total of 546. H. Clepper had high single game of 206 and three game total of 557 for Soda Mineral.

Morrell's took all four points from Allegheny Hotel. Les Nero hitting a high single game of 206 and a three game total of 554 for Morrell's. Also for Morrell's J. Fielding hit a three game total of 554. For Allegheny Hotel, J. Johnson had a high single game of 216 and a three game total of 543.

Carrollton, Ill., Oct. 20.—(P)—Dobbins' favorite parking place in Carrollton for the last 100 years, a hitching rack which surrounds court house square, is on the way out.

BLACKOUT?
Biglerville, Pa., Oct. 20.—(P)—The lights went out with two minutes left in the first half and the score 6-0—who won?

Coach Hen Bream of Biglerville High School, whose team hadn't scored, wants to play it over.

Coach Charlie Spangler believes his Red Lion gridgers can claim a victory because, he says, refusal of authorities to refund spectators' money makes last night's game official.

25 Veterans Are Placed In Jobs in Month

Announcement was made today by David W. Levine, Manager of the United States Employment Service office here.

That 25 honorably discharged veterans of World War II were found jobs by the Service last month.

"We are finding that an increasing number of World War II veterans are coming to this office to inquire about job opportunities," Mr. Levine said.

"We feel that this phase of our program is highly vital and consider it a privilege to help in placing those who have served their country."

Now that War Manpower Commission hiring regulations no longer apply to World War II veterans, he said, many splendid openings in all fields of work are listed in the files of the United States Employment Service.

The USES office here is located at 225 Penna. Ave., W.

Leyte Landings Preceded by Invasion Of Islands

(From Page One) The Cavite naval base Jan. 2, 1942. Thereafter began the siege of Batavia, whose defenders fought until they were without food and arms.

Then surrendered only to be murdered in the "death march" of bitter memory for every American.

Corregidor surrendered May 6, 1942. The previous March, MacArthur arrived in Australia and soon opened the offensive which was climaxed this week by the Philippines' re-invasion.

On the Philippines, guerrillas long have been operating against the Japanese in preparation for the return of the Americans.

Last week, a Japanese authority frankly acknowledged these guerrillas were effectively cutting up communications.

First Report Meeting in United War Fund Drive is Disappointing to Workers

But it is believed that Monday's Second Report Meeting will help correct the out-of-focus exposure, and that by the close of the drive October 26, we will—
